Published May 2006

BOX ELDER & RICH OCCUPATIONAL WAGES

Below is a summary of the latest wage information available for Box Elder and Rich Counties. Occupations are listed alphabetically along with the occupation code, which is a unique number assigned to each of the occupations in the survey. Wages for educational occupations are listed on a separate table below. The data was collected during the period November 2005 – May 2006. Wages presented include the Entry Wage (the average of the bottom-third of all wages collected), Average Wage, Median Wage (which is the wage of the middle worker in the survey where half of the workers earned wages below the median and

half above the median), and the Middle Range (which represents the wages of the middle fifty percent of workers. One-fourth of the workers earned wages below the low end of the middle range, and one-fourth of the workers earned wages above the high end of the middle range).

A complete list of wage information for the entire state is available by accessing the Utah Economic Data Viewer on the Web at: <http://jobs.utah.gov/jsp/wi/utalmis/gotoOccwage.do>
